19. If the blower stops working, ensure all users get off the inflatable immediately. Unplug, and re-plug the bouncy castle from the mains, also check the fuses and ensure the blower tube or deflation tube has not come undone or is obstructed. If it overheats or loses power, switch the blower off at the mains, then switch it back on after 1 or 2 minutes. If it does not restart, inform us straight away.

### ***DISCLAIMER***

All persons using this Bouncy Castle do so at their own risk.

The person(s) or organisation hiring this inflatable equipment will be responsible/liable for any damage or injury occurring from or as a result of misuse or reckless use.

These guidelines are for the safety of all people using this equipment, and it is the sole responsibility of the hirer to ensure they are fully adhered to at all times.

LTN Bouncy Castles cannot accept any responsibility for any injury caused to anyone using this equipment.

I have read the above agreement and fully understand and accept the conditions as above. I am aware that whilst in my care I am fully responsible for the inflatable and will pay for any loss or damage that may occur. This includes the inflatable being returned in an unacceptable condition. If it is in a dirty or muddy condition, I will be expected to pay an additional cleaning charge. I agree to also check with the operator that the inflatable has been erected and secured properly.
